## Children make a Feast of delight at London TBS

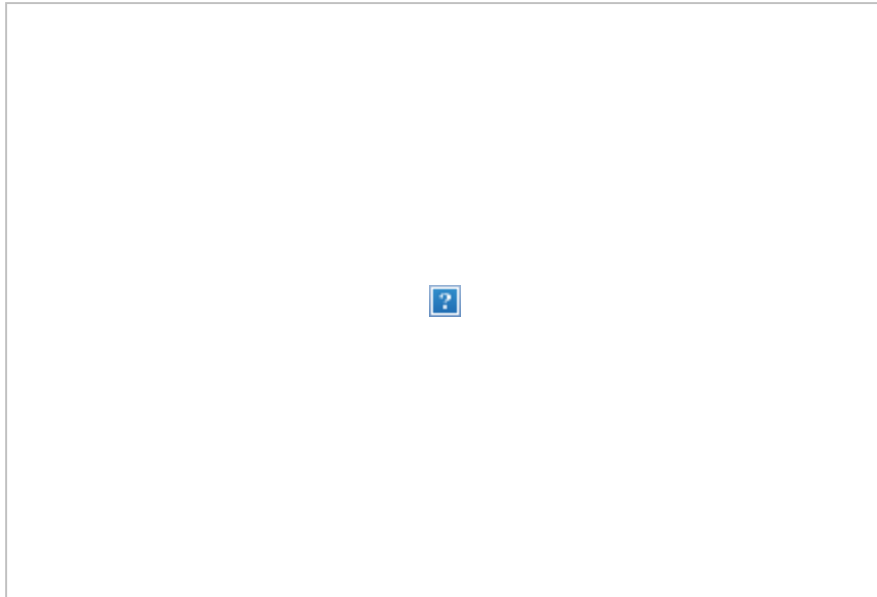

The London Thomas Breakwell School derived both delight and inspiration from their celebration of a Children's Feast on 9th April.

All aspects of the Feast were prepared by the classes with a beautiful devotional, an attractive environment and a radiant atmosphere of unity. Each class, guided by teachers and helpers, was able to consult on matters concerning their school, teaching, service and the Fund. From the very youngest children to the junior youth a true feast of suggestions was provided by all.

The Trustee Local Spiritual Assembly of Wandsworth presented a splendid example of support and chairmanship and the children were introduced to the skills of note-taking, making reports and Bahá'í consultation. The fruits of their efforts will provide the school with material to draw on for their Twelve Month Plan.

Classes meet at 10 am every Sunday in term-time at Hotham Primary School, Charlwood Road, Putney. Children and young people of all beliefs are welcome.
