Fear Grips World, Dr. Hill Declares
In an address yesterday at the Philadelphia Ethical Society, 3906 Rittenhouse square, Dr. Leslie Pinckney Hill, president of Cheyney State Teachers' College, told his listeners that there is one world today. "It's a world bound together by a common fear that we must do something or be destroyed."
"The real one world of the future will entwine freedom of the seas and of the air, freedom of communications, democratic government for all peoples and access by all nations to the materials of the earth," Dr. Hill said.

Baha'i Joy Earl talk summarized
