DIGEST FAMU building also may honor Ruggles

The Senate advanced legislation that would name its new Journalism & Graphic Communication building after Thelma Thurston Gorham and longtime journalism school Dean Robert Ruggles, who led the school's program into national prominence before retiring last fall after disagreements with school administrators. The bill (CSB 624) originally called for naming the building after Gorham only, but an amendment was offered by Sen. Al Lawson, D-Tallahassee, to include Ruggles. "It would be hard to find anyone more significant than Dean Ruggles," Lawson said. "He built

What's in a name?

Compromise could save face for FAMU Politics is often the art of compromise, and the awkward situation surrounding legislation to name Florida A&M University's new journalism building could be its beneficiary. As Tallahassee writer Mark Ruggles inserted in a My View column on Thursday, the question about when to name a new J-school building for became tangled in personality issues that threatened to embarrass the university. Mr. Ruggles reported that Rep. Curtis Richardson, D-Tallahassee, had filed a bill to

Dean Robert Ruggles. But Mr. Richardson said that FAMU officials told him they wouldn't support the legislation unless the building was named for the late Thelma Gorham, a J-school faculty member who was largely responsible for keeping a FAMU journalism program alive in the years before a college was established. New a compromise is in the works that would honor both Mr. Ruggles, the college's first dean and hero behind of the new building, and Ms. Gorham. This would certainly be appropriate.

Journalism graduate honored tonight

She was also a member of the Phi Kappa Phi Honor Society. The ceremony was held at the FAMU Student Center. Gorham's family and friends were in attendance. Baha'i sponsors Human Rights day

"The Oneness of Mankind" will be the theme of a United Nations Human Rights day observance in Tallahassee tonight.

The Baha'i community of Tallahassee will sponsor a dinner at 6 p.m., followed by a talk at 8 p.m. at 1920 Highway Court. The public is invited.

Human Rights Day was established to mark the signing in 1948 of the Universal Declaration of Human Rights at the founding of the United Nations.

The Baha'i Faith, an independent world religion, originated in Iran in the 19th century. Baha'u'llah, whose name means the "Glory of God," was the Prophet-Founder of the Baha'i Faith.

"Why Baha'u'llah?" is the subject of a series of study - discussion sessions on the Baha'i Faith, which will be held Monday evenings in the conference room of the Main Lounge in the Florida State University Student Union building.
Open to the public, the sessions will begin Monday, September 30. The FSU Campus Baha'i Club is sponsoring the series which will include aspects of Baha'u'llah's mission to revive the spirit of faith in the world, to reawaken men's realization of themselves as spiritual beings, and to inspire them with a more ardent love of God and their fellow men.
The FSU Baha'i club discussion leaders, Frank and Bonnie Talley, will be assisted during the weekly meetings by members of the Florida A&M University Campus Baha'i Fellowship and the Leon County Baha'i community.
The first discussion session will cover some of the information given by Jim Seals and Dash Crofts during recent appearances on the Phil Donahue and Mike Douglas television shows.

Bahais Observe Ridvan Feast

The Baha'is of Tallahassee will observe the Feast of Ridvan April 21 to March 2. The feast of Ridvan commemorates the twelve days that Baha'u'llah, Prophet-Founder of the Baha'i Faith spent in the Ridvan garden before leaving Baghdad. The first, ninth and twelfth days of the Feast of Ridvan are specially commemorated as Holy Days.

Dr. Leonard Hippen, Chairman, announced that election of new community officers will be April 20 at the Hippen home.

Hippchen Named

Dr. Leonard Hippchen was one of six delegates elected recently at a meeting in Gainesville to attend the National Baha'i Convention in April in Wilmette, Ill.

FIRST ASSEMBLY

Baha'i Group Observes 152nd Birth of Founder

The Baha'i group of Tallahassee will observe the 152nd anniversary of the birth of Baha'u'llah, prophet-founder of the Baha'i Faith at 8 p.m. Wednesday at 2015 Woodland Drive with Gary Wolfe and Harry Kurit in charge of the event.

Chairman Dr. Leonard Hippchen said the theme of this year's observance is "The Challenge to Youth".

"The hundred years ago Baha'u'llah, founder of the Baha'i Faith proclaimed the world that the long-promised age of world peace and brotherhood had at last dawned, and he was the bearer of the message."

"This year the U.S. Baha'i community is observing Youth Year with the theme 'Youth for One World'."

The Baha'i Faith today has spread to 312 countries and territories. The U.S. headquarters of the faith is at the site of the world-known Baha'i House of Worship in Wilmette just north of Chicago.

Baha'i Convention Tomorrow

The annual Baha'i State Convention will be tomorrow in Gainesville and delegates to the April national convention in Wilmette, Ill. will be elected.

Planning to attend from Tallahassee are Mr. and Mrs. Robert Entzminger, Audrey Sores, Dr. and Mrs. Leonard Hippchen, Harry Kurit and Dr. Leonard Hippen.

"This year the Baha'i community is observing the theme 'Youth for One World'."

The Baha'i Faith has doubled in number of assemblies in the United States during the past decade and now has 400 assemblies. The convention will consider the nine-year teaching plan to expand the Baha'i Faith worldwide.

Crime Prof Gets Grant

A proposal which requests the use both of science and religion in therapy for anti-social personalities has drawn a \$1500 grant for Dr. Leonard J. Hippchen, associate professor of criminology and corrections at Florida State University.

The grant is from the Voness Order Foundation of Atlanta whose president, Dr. E. C. Clotfelter of 2116 Grand Oak Drive, has completed long training at Lakeland, Fla. Dr. Hippchen has been assigned to the Florida State Penitentiary in the middle electronic field.

A native of Illinois, Dr. Hippchen worked with the Air Force from 1960 to 1962 in an experimental program of rehabilitating offenders and afterward, still joining the Florida State faculty in 1962, he conducted research for the Children's Bureau. He holds two degrees from the University of Texas and a Ph.D. in social psychology from the University of Iowa.

He expects to do some research for his proposed book on "A multi-dimensional approach to psychopathology during the summer."

The Tallahassee Baha'i Community elected representatives for the year at its annual election at Ridvan.

Those elected were: Chairman, Dr. Leonard J. Hippchen; Secretary, Miss Audrey Estrin and Treasurer-Librarian, Mrs. Betty Entzminger.

J. C. Harper.

Mrs. Patience Kindness, of Colorado Springs, was the houseguest of her son-in-law and daughter, Mr. and Mrs. Everett White, at 604 N. E. 5th street. She visited over the week end with her aunts, Mmes. Florence Evans, Seony Williams and Cora Adams, in Tulsa. After a week-long visit, which included social courtesies at the Baha'i guesthouse, 1325 N. E. 8th street, she left Monday for her home.

Mr. and Mrs. C. D. Tate, of

Former Oklahomans Here

Mr. and Mrs. Earl Banks of Harvey, Ill., a suburb of Chicago, were guests of their sister, Mrs. Lula Palmer, and brother-in-law, Mr. Arthur Palmer, of 529 N. Lottie avenue, last Sunday. They were en route to Lawton, where they visited with another sister, Mrs. Willie Donaldson, and brother-in-law, Mr. Walter Donaldson. While in the city Mr. and Mrs. Banks visited briefly with Mrs. Irene Smiley at the Baha'i guest house, 1325 N. E. 8th street.

Speaking of Central State also reminds me of a most interesting and inspiring young man who will be on the Edmond campus for the next three years—if his plans go according to schedule. He's Merefatollah Sobhani (quite a mouthful of name, isn't it?) from Teheran, Persia . . . In the U. S. to study petroleum engineering. Merefat (for short—his first name means "Knowledge of God") is a fourth generation Baha'i . . . He's quite a person, and to hear him chant prayers of the Bab and Baha'u'llah in Persian is quite an experience . . . But more of that at another time. It's time again to write, thirty by TTG.

Tulsa's new Ralph J. Bunche school does an outstanding job of teaching public school music.

Enjoying the sunshine — and smog of Los Angeles is Arabelle Hayward, who flew out to the coast last week with the young Robert Hefners of Norman . . . While Arabelle is away, Irene Smiley (recently returned to Oklahoma City from Chicago) is carrying on as hostess at the Baha'i house, 1325 N.E. 8th street.

The Wilbur & Walter Company has just completed a three weeks' engagement in the Great Northern Theatre of their play, "Duchess Laska." No other first-class theatre has shown such income records during the present season as this Negro company. Hundreds of people were turned away at every performance. The newspaper comment was always flattering. They have fairly won the prize as the best entertainers Chicago has witnessed during the season.

John Brown of Chasawsonic, the leading hero of Harper's Ferry, was introduced in song and story in the assembly room of the Frederick Douglass Center last Sunday afternoon. Rev. J. J. Thomas, of Chicago Baptist church, and Rev. Josiah Lloyd Jones, of Abraham Lincoln Center, were the center of the occasion, and made stirring addresses. The annual celebration of the work of the anti-slavery hero are yearly becoming more and more a part of the spiritual life of the colored people. It gives us a lesson in the appreciation of what is meant to stand up and be counted for the right when the Garrison, Douglass, the Whitman and John Brown inspired that they should be no more in this country until the man, woman and child.

LEADER OF BAHAIISM IS HERE

Abdu'l-Baha, known to his followers as Abdu'l-Baha, the brother of 'Bahá'u'lláh', is now on a visit to America.

Never before in recorded history has one of the founders of an Oriental religious movement—since Jesus—made such a visit to America. The personality and the history of one who has come direct from the heart of the East to the West, to the United States, is a subject of increasing interest, and it is a privilege to have him here.

Abdu'l-Baha, who is known to his followers as Abdu'l-Baha, the brother of 'Bahá'u'lláh', is now on a visit to America. He was born in Persia, May 23, 1848, and he has spent most of his life in Persia. He is now in America, and he is here to deliver a series of lectures on the Baha' Faith.

Russian "Babists."

At a recent meeting of the Imperial Geographical society at Wladikawkas, Russia, the explorer Arakelyani made some interesting statements about the religious sect of the Babists. This Mohammedan organization was founded in 1844 by the Persian Mirza Ali Mohammed, and now numbers about 5,000,000 members.

Gave Up All for Religion.

All Kuli Khan, a Persian nobleman, who has given up lands, title, family and position, is now living in Boston in obscurity because he regards his religion as more important than any of the temporalities he is relinquishing. His father was ordered executed for becoming a Babist, than which no religion is more feared by the Mohammedan clergy of Persia, but owing to the influence of his uncle, who was prime minister of the late shah, the order was commuted. All is at work translating into English the works of the Babist writers at the request of American converts to the faith.

ANOTHER new religious sect has been started in New York. They call themselves the Babists, and follow the teachings of one Abuss Effendi, whom they hold to be the son of God.

MIKE CONNOLLY: Customer Gives 'Remark'

HOLLYWOOD—W. Fisher, who from Germany and his wife, June Alpan's romantic lead in "My Man Godfrey," will next play the German in "The Young Lady" at 8:30. . . . With Frank Sinatra as the Jewish boy. This wisecracker and Frank's commitment to that studio, a result of turning down the "Carnegie" role that Gordon MacRae accepted, somewhat to his regret. . . . Bob Dix, son of the late Richard Dix, and his wife, Joan Lake fly in Chicago April 28 to attend the Baha'i convention. . . . A paid customer catching a stout preview of a new novel in Pasadena wrote this on her "remark" card: "You get paid to make pictures and if you don't know what is wrong with this one I won't tell you!"

McLoy, assistant pastor. Telephone GR-7-4514.

Negro History Week
It is nationally observed as Negro History Week. The occasion for the Study Circle Negro Life and History was established in Chicago on Feb. 2, 1915. By Carter G. Woodson, noted Negro historian, it is a national scientific organization, its purpose is to collect, organize and disseminate the study of the Negro, distinguishing between legend and tradition, and to enlighten rather than entertain.

The American has neglected thousands of valuable manuscripts on the Negro which are available in the public libraries of Chicago.

The president of the Negro American culture is indeed a paradox. It is hard to understand how and why a race can be socially advanced, yet culturally retarded, can be both an oppressed minority and a dominant cultural force.

Religion Day by Day
 BY WILLIAM T. ELLIS
 Old Abbas Effendi

One memorable evening in Haifa, Palestine, was spent in introducing Abbas Effendi, then head of the Bahai' religion. I liked the old man better than any of his disciples whom I have met. He was more definite and straightforward.

We had another difficulties with his interpreters and he was a bit of a Tatar with things, so we sought an explanation of the central teaching of his creed. Always he turned again and again to the figure of the mirror, representing the life that reflects God.

Well, that much of Bahaiism I accept; for it is good Christian teaching. The change is to contemplate and reflect the Master. They are the best Christians who most truly reproduce the image of Christ.

And the goal of our faith is that longed-for day when "we shall be like Him, for we shall see Him as He is."

"We would see Jesus," said, seeing Him, we would reflect His likeness to all who see us. Amen.

ANSWERS TO QUESTIONS
 By Florence J. Smith

This is a series of questions asked since the handling of questions. This paper goes at your request the service of its readers regarding the Bahai' religion. I would like to see you in such an attitude toward your religion as to be able to answer questions, please the Bahai' religion, U.S.A.

Q. What is the latest teaching of this religion?
 D.A. It is written in the Bible.

Q. How did the terms "jerk-water town" and "jerk-water religion" originate?
 W. D. A. In the early days of the railroad, it was customary for a train to be stopped just a dozen miles from the water tank. The train was called "jerk-water" and the religion was called "jerk-water religion." As a result of this, the term "jerk-water town" and "jerk-water religion" came into use.

Q. Can people other than Bahai'ists go to the new Bahai' Temple in Chicago, U.S.A.?
 A. The temple is in the suburb, Winnetka. While the services are the regular Bahai' services, everyone is welcome.

Butte Baha'is Join in Noting of Ayyami-Ha

The past week, Baha'is of the Chico, California area participated with enthusiasm in the celebration of Ayyami-Ha. The Baha'i Faith begins a new calendar which consists of 19 months of 19 days each. Because it is a solar calendar there are always four or five extra days. They were last seen the 18th and 19th months of each year. The 19th month being a period of fasting and spiritual preparation for the year. Now, then, which falls on the first day of spring. The celebration began Wednesday with a picnic and dance party hosted by the Baha'is of Paradise. The Baha'i Club from the Chico State University campus on Thursday hosted a general meeting. Tomorrow was a special time as available for games and gifts going among the children sponsored by the Chico Baha'is. The final day found many Baha'is enjoying Columbus' name, concluding the evening with observance of the Feast of Lullabies. The Baha'is will be celebrating the month of fasting.

Lecture at Baha'i Center on Friday
 A number of Long Beach residents will go to Los Angeles Friday to attend the lecture to be given at 8 P. M. in the Baha'i Center, Beaux-Arts Building, by Shantaz Waite, international lecturer for the Baha'i Faith. "Universal Peace" will be the subject of the talk.

Temple Interior Completion in 1951
 Completion of the interior ornamentation of the Baha'i Temple, Wilmette, Ill., early in 1951 was announced to the 42nd annual convention of the Baha'is of the United States, comprising 700 delegates and visitors, which closed yesterday. The total cost of the temple begun in 1921, will reach \$2,500,000. Paul Haney, Washington, D. C., was chosen chairman of the assembly. Of outstanding interest was the report by Edwin Mattson, Wilmette, chairman of the Inter-American teaching committee, noting the formation of national assemblies in 1951 in Central and South America, bring the number of such organizations to 11. The Long Beach Baha'i assembly meets at 441 E. Ninth St. on Thursday evenings.

BAHA'I TO HEAR MYSTICISM TALK
Hooper Harris Of New York City Will Speak Here Tomorrow Night
Practical mysticism will be the subject of an address by Hooper Harris of New York tomorrow night at the Baha'i Center, Evergreen Place, West Englewood. The meeting, which will begin at 8:15, will be open to the general public.
Harris will point out that the world is badly in need of sources of inspiration and that the spiritual forces of mysticism may provide this. It is his contention that although in the past mysticism implied a withdrawal from the ordinary things in life, the direct opposite should be true. The Baha'i teachings are that guidance of the spirit should be applied to material things as well.
The speaker has appeared in Toledo on several previous occasions. He has been a student of comparative religion for many years and is one of the ablest of the Baha'i teachers.

Mass athletics is now practiced by the whole student body. A students athletic association has also been organized to foster clean sports within the student body. A new basketball court is being prepared, and shower baths and dressing rooms will be installed. The school this year will have a boys' and girls' basketball team; a boys' and girls' tennis team, and a boys' volleyball and track team. TURKEY.
We have letters from Constantinople of the 25th Nov., which contain no important news from that city.
The intelligence from Persia is interesting. The Shah was crowned on the evening of the 24th of October, at half-past seven in the evening, the time fixed by the astrologers. In Tehran every thing was quiet.
The following were the nominations which had taken place subsequent to the coronation:—
Mirza Takkli, formerly Commissioner for the Erection Conference, was named Grand Vizier.
Mirza Mansour, Minister for Foreign Affairs.
Mirza Mahomed Ali Khan, who was on an extraordinary mission to Paris some twelve months back, was named First Secretary of Foreign Affairs.
Mirza Agassi, the ex-Grand Vizier, has been sent on a special mission to Kazvela, equivalent to honourable exile.

Switzerland, have sent delegates to study the situation, and follow the decisions of the grand council.
PERSIA.
Mahomed Schah, has been for some time extremely unwell, and latterly his malady has assumed so alarming an appearance, that no hope remains of his recovery. His death will be doubt the signal for a civil war in unfortunate Persia. The eldest son of Mahomed Schah is, 14 years of age, and is a puer, unintellectual child. His 30 or 40 uncles, sons of Fethi, Schah, who are dispersed throughout the Persian provinces, and are living on trifling incomes, will endeavour to dispute the possession of the throne with him. Fearing those events, Hadji-Mirza-Agassi appears to have despatched Mameh-Chan to the Emperor of Russia, to implore his assistance in case of disturbances in Persia. It is asserted that he has offered, on his part, to give every facility to the Russians to work the coal-mines in the Maschedon, and particularly to facilitate the Russian navigation on the southern coast of the Caspian Sea.
GREECE.
King Otho opened the Greek Chambers on the

amongst rocks and forests, than to attack them under cover of their fortresses. His last victory on the banks of the Kauboulat has procured him a considerable supply of gunpowder.
Some travellers, who arrived lately at Erzerum, with the last caravan from Tehera, assert that the life of Mahomed, Schah of Persia, approaches its conclusion. That unfortunate monarch, so long suffering from the gout, is at present completely paralysed. Thanks to the exciting remedies prescribed by a French quack doctor! For several weeks past no person has had access to the Schah, except his Grand Vizier Hadji-Mirza-Agassi. It is generally believed that the death of the Schah will be the signal for complete anarchy throughout unfortunate Persia.
The Gazette de France states that Prince Louis Bonaparte is about to be restored to liberty, and to join his father, whose health is rapidly declining.
PAK OF A VILAGE.—The Boston Journal of yesterday give the following account of the giving way of the viaduct of Barentin, on the Reuzen and Havre line of railroad. The Editor, at about six o'clock in the morning,

an enormous quantity was increased with a large stock of gunpowder, captured by him in the last battle with the Russians. He had taken up an impressive position, whence, when the ruses should open, he could attack the enemy. On the other hand, the Russians would not be able to make great efforts in their next campaign, from the dimensions of their strength, and the non-arrival of the reinforcements demanded by Prince Woronzoff.
PERSIA.
A correspondent of the Times writing from Teherian on the 11th ult., says—Some travellers, who lately arrived at Erzerum, with the last caravan from Tehera, assert that the life of Mahomed, Schah of Persia, approaches its conclusion. That unfortunate monarch, so long suffering from the gout, is at present completely paralysed. Thanks to the exciting remedies prescribed by a French quack doctor! For several weeks past no person has had access to the Schah, except his Grand Vizier Hadji-Mirza-Agassi. Teherian, Nov. 25.—The Shah of Persia has never been more unwell, more unwell, or more pining, than at present. He is so unwell, that he is unable to attend to his affairs, and is confined to his bed. His malady has assumed so alarming an appearance, that no hope remains of his recovery. His death will be doubt the signal for a civil war in unfortunate Persia. The eldest son of Mahomed Schah is, 14 years of age, and is a puer, unintellectual child. His 30 or 40 uncles, sons of Fethi, Schah, who are dispersed throughout the Persian provinces, and are living on trifling incomes, will endeavour to dispute the possession of the throne with him. Fearing those events, Hadji-Mirza-Agassi appears to have despatched Mameh-Chan to the Emperor of Russia, to implore his assistance in case of disturbances in Persia. It is asserted that he has offered, on his part, to give every facility to the Russians to work the coal-mines in the Maschedon, and particularly to facilitate the Russian navigation on the southern coast of the Caspian Sea.

March Revolution, the single reform remained intact. The non-remission of the peasant is a guarantee of freedom and progress in Eastern Europe, which even the silence of Austria with the Russian Czar will not have the power to exclude or diminish.
The War of Hungary.
PERSIA.—We have dates from Tehera to the 21st July, announcing the important fact that the Shah of Persia, a very important personage, as being one of the highest dignitaries of the Church of Persia, has been arrested, and forcibly conveyed to Tehera, by special order of the Emir Nizam, together with his son, under charge of intrigues to secure an extension of power to the clergy, to the manifest detriment of the state.
Baham, notwithstanding the recent execution of its chief and founder Bah, the most-distant representative of Mahomed Mahdi, the twelfth and last Imam, claiming direct succession from Mahomed, continues to increase, and its followers are said to number in Persia about 50,000. The village of Zandjar, which is their stronghold, though only containing a population of 8,000, including women and children, continues to hold out against five regiments of well-disciplined troops, which have closely besieged it for the past three months; and in a late sortie, 200 of the latter were massacred. It is said that the inhabitants have put themselves in a position, as regards provisions and warlike stores, to hold out for at least two years, against even a much superior force.
BATAVIA.—The Russian trial about to take place at Keweenaw, in the Palatinos, includes a list of persons accused of having taken shares more or less in the armed rebellion of last year. They are divided into various categories, viz., 20 for the

MEMORANDUM SCRIPT.—A new sect has lately set itself up in Persia, at the head of which is a merchant who had returned from a pilgrimage to Mecca, and proclaimed himself a successor of the Prophet. The way they treat such matters at Shiraz appears in the following account (June 22).—Four persons being heard repeating their profession of faith, and found guilty of unpardonable blasphemy. They were sentenced to lose their heads by the executioner. Not desisting from their profession with all the zeal and fanaticism becoming a true believer in Mahomet. They were further sentenced the next day to have their faces blacked and to be exposed through the city. Each of them was led by a murgash, (executioner,) who had made a hole in his nose and passed through it a string, which he sometimes pulled with such violence that the unfortunate fellows cried out alternately for mercy from the executioner and for vengeance from Heaven. It is the custom in Persia on such occasions for the executioners to collect money from the spectators, and particularly from the shopkeepers in the bazaar. In the evening, when the sockets of the executioners were well filled with money, they led the unfortunate fellows to the city gate, and there turned them out. After which the murgashs at Shiraz sent men to Bushire, with power to seize the impostor, and take him to Shiraz, where, on being tried, he was very deeply charged of apostasy had against him, and thus escaped from punishment.—*Advertiser Gazette.*

Kalantar Explains Relationship of Islam To Christianity

Dumont — Allah K. Kalantar explained the relationship of Islam to Christianity in his talk Monday at the Baha'i Center, first by giving some of the contemporary history, and then by declaring that the relationship parallels that of the old Christian faith to the Jewish religion. One third of the Koran refers to the Old Testament, he said, one third to the New Testament, and will one to Mohammed's own teachings. Next Monday, Archie G. Tichenor, president of the Dumont Baha'i Assembly, will show pictures of the Baha'i House of Worship in Wilmette, Ill.
