Illustrations in The Bahá'í World, in alphabetical order Volumes I through XII, 1980 reprint editions Volumes XIII through XX, first editions

27 October 2012

Volume I of these 20 volumes was titled THE BAHÁ'Í YEAR BOOK, 1925

The entries for these tables have been taken from the reprint volumes I-XII (1-12), and from the 1st editions

of The Baha'í World, volumes XIII-XX (13-20).

The table here is shown at 90% size with 9 point Verdana font.

Any errors, changes or inconsistencies are to be attributed to the compiler.

Many apologies for the many abbreviations and for any difficulties encountered.

To help facilitate trying to find contents that are related to each other the files will be sent in two ways:

- A. the illustrations, vol I- vol XX in chronological order table, volume by volume, from the 20 volumes;
- B. the illustrations collated into almost complete alphabetical order from the 20 volumes;
- C. In order that these files can be opened, they are presented in three formats: WORD, PDF and Rich Text.
- D. Sometimes an entry is only one word, but since the page & volume number is given one can look at the contents table, as shown in (A) above.
- E. These 20 volumes are now on OCEAN, in case of wholesale errors.
