

Bahai Nest. Mount Carmel
Haifa, Syria. Oct 12th 1914

10

Dear Friends!

This morning the Master called me into his presence and bade me sit. He was absorbed in his Correspondence and after a few minutes he asked Aga Abbas Gali to bring tea and bread and cheese for me. Then he walked out of the room into the high road near the house and while going to and fro he gave a long talk on the situation in Europe, the outcome of the present struggle and its effect upon the Bahai Cause in the case of victory either by Germany or the Allies. Then he said:- The present condition of the Bahai Cause in Germany is most satisfactory. The believers of God have progressed greatly along spiritual lines. All these letters testify to their sincerity and faithfulness. How wonderful it is! If the Blessed Beauty were living and I took these petitions to him from Germany, what would he have said! These souls are most sincere. This Cause is in need of loyal serving souls who would sacrifice every thing for the sake of the Beloved; souls who would throw to the winds all their personal ambitions. Then they will shine like glorious suns and become the cause of the illumination of others. They will shine themselves and in turn enlighten others. This is conducive to the progress of the Cause! When his holiness Christ left this world he had only 60 or 70 disciples or according to the book of acts, 120 followers: but when I pass away from this world I will leave behind hundreds of thousands of believers. Pray tell God that the friends are to be found ~~everywhere~~ in every part of the world. The more I think of this war, the more I realize that the world's order is being disturbed. Mankind is in the throes of a deadly contention. Some of the German friends have asked that victory be given to Germany. We are not interfering with either party. Here at the Threshold of Baha-ullah we pray that they may seek Peace and settle all their outstanding disputes ~~by~~ ^{for} judicial, impartial, international court. May they exalt the banner of Universal Peace! May they strive in the establishment of good-fellowship and amity amongst the children of men! May they extirpate the

hearts with the fire of the love of God! May they advance the cause of progress and real civilization! May their hearts be touched with real pity and sympathy! May they attain to such height of altruism as to be ready to sacrifice their lives for each other! This is the life of the world of humanity! This is in accord with the good-pleasure of the Blessed Perfection! Otherwise war under whatever pretext is cowardly, inhuman and to shed the blood of mankind is a crime in the sight of God." Then he dictated two cables to be sent to Washington and San-Francisco which were translated and given him to be signed. On the American brothers Remy and Latimer ascended the Mountain this morning and were joyfully welcomed in the Bahai Host. For lunch we were all the guests of the Persian students. They had prepared rice, meat ragout cooked with egg-plants. The large table was placed outside in ~~the~~ ^{view} of the large-reception room and we had, as we sat there, a matchless view of the mountain and the sea. After nearly three months of vacation, our Persian Bahai Students left tonight for Beirut to enter their college for this year. Altogether they had a most delightful time and we enjoyed their stimulating association exceedingly. After dinner we had tea with them and then the Beloved came and gave a long talk which will appear at the end of this letter. After the talk we worshipped at the Holy Tomb and then through Haji Mirza Hayder Ali the students requested the Master to take a picture in his presence. While Mr. Latimer was ordering them how to stand the Beloved was walking in the garden, admiring the flowers. Then I was asked to go and tell him that they are all ready. When I approached him he gave ^{me} a white rose and a pomegranate which he had just cut from the tree. Mr. Latimer took altogether 6 photographs of the Beloved, alone and in group and we all hope they will turn out very good. He went then to his room and we all came to the Bahai Host and gathered on the veranda,

Here all the students started to sing a number of Persian songs and the translation of Mrs. Waite hymns. We were all very happy. It was a most peaceful heavenly hour, just as the ^{golden} sun was setting behind the Western horizon, the Shipton was going to take away the students homeward into sight and they made ready for their departure. Rahmatullah, the gardener of the Tomb, who has been serving them for the past 3 months gave them a short farewell talk. He said: "One day the Master came out of his room and looking at the room where you were living he said: 'I see already these noble students graduated from their college and coming out of its doors some of them go to the East, others to the West, North and South to spread the Word of God and teach the Cause of God.' I hope this prediction of the Beloved will be fully realized."

It was dusk and just before leaving, the Master walked down the path leading to the Pilgrim's House to give them ~~the~~ few parting words: "May you ever be under the protection and preservation of God! May you ever be assisted and confirmed! I will always remember you and beg for each one of you Heavenly Grace and Divine Beatitude! Rest ye assured for we are ever under the canopy of celestial virtues. God willing, the fame of your sterling characters, your spiritual qualities, and selfless deeds may be spread more widely than before! ... Give my greeting and salutation to the President of the college and those Professors whom I have met. Tell them I shall pray for them and am very pleased with their attitude and courtesy towards you!"

Then we followed them to the pier and bade them our final farewells. We were sad to ~~see~~ them go but knowing the deep solicitude of the Master for their intellectual progress we realized that this is best. We all feel sure that their future will be very bright in the Cause. From now on Badi Bushra will be associated with my

my work. The Beloved desires him to become an active servant in the Cause and he is a splendid, refined happy young man. When he goes to America, am sure all the friends will love and admire his delightful disposition and splendid qualities.

The talk of the Beloved in the afternoon is as follows:-

I have heard that you are leaving today. Then I said to myself I shall get them say my farewell. Praise be to God that you have spent a delightful summer on the slope of Mt Carmel. The weather was bracing, the scenery was superb, the air was beautiful, the flowers were fragrant ^{and} the country was verdant. You enjoyed the possession of such large airy rooms whose windows opened out on the blue sea. You were in the proximity of the Holy Tomb of the Bab. From every standpoint God's blessings were complete. I hope that you have enjoyed exceedingly your sojourn in this Sacred Spot."

At this juncture, Mullah Abu Taleb, the Santa Claus of Mt Carmel entered the room and the Master said in English: "Munty, very old". Then he said in Persian: - "Mullah Abu Taleb is one of the oldest Bahais. He has been in Acre and Haifa for so these many years. Notwithstanding his extreme age he is still vigorous. Many a time he has walked from here to the Persian 'afe' at the East end of the town."

Then at this time, Mulla Hadi entered the room, having just arrived from Acre and Akko-Senan. The Master asked him: - "How are the friends? Are they all well? I strive always to be the means of the tranquility and composure of the friends. Man must ever strive to be the cause of the tranquility and composure of the friends. Man must ever try to be the means of the happiness and security of his fellow-beings. If he tries to bring about the means of his own pleasure and ease it will be very easy. At the time of the arrival of the Investigation Committee, all the means of communication were closed, spies

are stations all around, calumnies and falsehoods were hurled broadcast and
 the enemies both in Acre and other places, were united against us drawing
 up a number of false reports and sending them to the authorities in Constan-
 tiople, to instigate them and arouse their suspicion — so that they may
 make more close our confinement. Hence, it is evident from these
 works how difficult it was to attend to all the affairs of the Cause. One
 of their accusations was that I ~~had~~ have been trying to lay the foundation
 of a new Sovereignty. Another was that I have rebuilt a fortress on the slope
 of Mt Carmel which will have a commanding position all around.
 Another accusation was that I have made a new flag to lead my ^{increasing}
 army into the active field; that I have shown this flag to the inhabitants
 of Acre; that through Mirza Zekrullah I have sent it to the surround-
 ing cities and through Sheik Mahmud have I forwarded it to the Ara-
 bian tribes and Bedouins of the Interior, demanding their allegiance
 and submission. All these false reports were concocted with the assistance
 of the Nakzeens and sent to the Sublime Porte. Mirza Mohamed Ali took a
 large piece of white cloth and had it written on it in a poor hand-writing
 the word of "ya Baba El Abba" and at the same time telling them that this
 was the flag that I had made. Then he delivered it into the hands of the enemies
 that it might be forwarded to Constantinople. The President of the Committee
 who was promised the governorship of Beirut at that time, declared that the
 first thing that he will do will be to cut the body of Abbas Effendi
 into two pieces and hang on the gate of Acre as a warning to others.

"In short, my aim is this; During those stirring, restless days I sent
 away seventy of the believers to Egypt, Russia and various ports.
 At that time I provided sufficient and adequate travelling ^{Egypt}
 for everyone. I borrowed the money from an American Bahai
 who lives in Paris. In short, I offered myself for a target to every

alarmy and affliction. Then a steamer arrived in the Bay of Acre to take me away secretly. The person by whom this was suggested is now living here. When this thing was suggested I called in Sayad Ali Atcher, Aga Sayad Jaly, Mirza Asseleeb, Aga Reza, Mirza Mahmood, Mirza Haydar alib etc and told them that everything was prepared for my departure, that a steamer was in the Port to take me away, that they were going to let me down from the wall of the fortress with a rope, then riding rapidly in a carriage and reaching the shore climbing into a boat and board the ship. Now then you consult about this matter and decide whether I should go or not.

"This committee deliberated and finally decided that I should go. They came to me and said: 'This is very good. This is an excellent plan. Please go away and leave behind these awful conditions. We have unanimously decided upon this matter.' Then I told: I will not go. Baha - allah did not leave the Believers did not leave and I shall not leave as it is not good for the cause of God. The well-being of the cause of God demands my presence here." Then other events followed each other and the members of the Investigation Committee left these parts. Before they reached Constantinople the cannon of God boomed forth and the voice of freedom was raised and the Committee of Union and Progress established a Constitutional Regime in Turkey..... The upset of these remarks is that man must ever think of the protection of others and not of himself..... Now you are leaving for the college. Praise be to God that the Bahai students in Beirut are well-known for the beauty of their character, the purity of their deeds, and the softness of their morality. From whomsoever one enquires about the Bahai students, they will receive unstinted praise. This is through the Favours and Bounties of the Blessed Beauty, Who has assisted you to attain such a high station. For you have lived in such a manner

which has become conducive to the glorification of the Cause of God. Baba - O -
 lah is pleased with you; all the people are pleased with you; I am pleased with
 you and the friends of God are pleased with you. This is the special Divine Bounty
 which is being realized at rare intervals. If one asks any person concerning
 the Bahai students, he will answer: In reality they are intelligent, sober, in-
 dustrious, diligent, displaying good-manners and behaviors and con-
 centrating all their attention on the acquirement of knowledge. They do not al-
 ways spend their time in frivolous amusements and distracting recreations,
 even the enemies testify to your spotless character. I hope that through
 the Favor and Bounty of the Blessed Beauty, His Holiness the Bab and the
 ineffable Blessings which hallow this Holy Shrine, the confirmations of
 the Kingdom of Alha may encircle you and that you may be charac-
 terized with the shining qualities and brilliant attributes of the Bahai life.
 May your morality become more refined day by day! May your
 faith and assurance be increased day by day! May your attraction
 to the Kingdom of Alha be intensified day by day! May day by day
 your attainment in sciences and arts become more universal!
 Perchance, God willing, you may become perfect and accomplished
 from every standpoint and be the means of the enlightenment of
 Persia. The horizon of the general morality of that country is very dark
 peradventure, through your instrumentality, the people may be brought
 back into the realm of light and that each one of you may become
 like a shining candle in the lamp of Persia. It has been said that often
 one soul is equal to a thousand persons. God willing each one of
 you may become like unto a hundred thousand souls! This is
 not impossible of realization, for the Favors and Bestowals
 of God are unlimited. Do ye not be astonished at this, neither
 let ye any disengage it. His Grace descendeth

the weak soul) is changed into a mighty king; the plant is grown into a huge fruitful tree; the grain of sand into a lofty mountain and the atom a sun. When we consider the Honor and Bounty of God we realize that all these things are made possible. You must not regard your own limited capabilities, but turn your eyes toward the unlimited Mountain of Divine Grace. He makes the shepherd, Abuzaq Gaffary; the date-seller, Ammar Bassel; the captive, Salman; (these persons were of poor origin, like the disciples of Christ but became famous in the Islamic world, because they believed in Mohamed during his life. Translator) the fisherman, Peter. In brief, there are many such instances in the sacred history of the world which are accounted the miracles of each dispensation. These things do not happen at the other periods of human history. They are the special privileges of early days of each manifestation. So this reason Baba-Allah says in the Kitab-i-Atqas! I cause the highest to become the lowest and the lowest to become the highest.' It is also revealed in the Koran: 'We desire to surround with a special privilege those who are weak and lowly upon the earth. We shall make them a nation and the inheritors of great things. Praise be to God that from the tender years of your life you have entered under the shade of the Divine Tree and are intoxicated with the choice Wine from the heavenly Goblet. I trust and hope that each one of you will rise higher and higher until you attain to the apex of human and divine perfections.'

With these glowing words the Beloved sent them away and fired their hearts - so that they know their duties and responsibilities in the world and the services demanded of them.
